The Seneca-Cayuga Nation has several projects coming up very soon and we need the help and cooperation of the Tribal Members to make the implementation, of these projects, as smooth and successful as possible.

It is imperative that we have accurate, up to date, information in our system, so that we can reach and include/help as many tribal members as possible. As a matter of safety for all tribal members, we will start requiring a Picture ID for all adult tribal members, in the application process for future projects.

### **We are asking that all tribal members please:**

1. take a moment and make sure **your contact information** (physical **and** mailing addresses) **is up to date with enrollment.**
2. **If you have an old Tribal ID** (without the photo) please get your ID updated ASAP. You can do this in person, by mail, or by email. The form can be found at <http://sctribe.com/wp-content/uploads/2020/08/Photo-Membership-Card-Application.pdf>
3. **If you have had a name change**, please update this information with Enrollment ASAP **AND** get an update Tribal ID. *(This is important as **all payouts** coming from the tribe will be made out to the tribal members name **as it appears on the roll**)*
4. If for any reason **your Tribal ID does not match your enrollment information**, please get an updated Tribal ID ASAP.

**The Business Committee has been hard at work preparing for and rolling out new projects, for the benefit of our Tribe and our Tribal members.**

### **Some upcoming projects include:**

1. **COVID-19 Emergency Nutrition Program** – This program will be food subsidy program available to ALL adult tribal members as of 11/30/2021. Look out for more information on this program coming out VERY soon. Due to CARES funds deadline, this will be a very QUICK payout. Application enrollment will have a very STRICT deadline of 11/30/2021.
2. We are preparing for the **implementation of the One Tribe software** that will be Nationwide. This will be an all-inclusive data base of the SCN which when complete will be utilized by all departments.

- a. The first, and most vital, part of this implementation is the uploading of the enrollment records. It is imperative that we have complete and accurate enrollment records BEFORE uploading into the new system.
  
3. We are **preparing for the 2022 Elections in June**. We want to make sure ALL tribal members are informed/aware/and included in the upcoming elections. In order to reach as many tribal members as possible we **MUST** have accurate enrollment and contact information.
