UPDATE OF DECLARATION OF CANDIDACY:

The declaration of candidacy originally scheduled for 3/15/22 - 3/16/22 has been pushed back to 4/1/2022-4/2/2022. This change was a result of 3 factors.

1. Due to Covid we missed a monthly meeting which delayed the swearing in of the Election Committee and in turn delayed the start of them being able to perform their duties.
2. Extension of the registration period to allow time for any "incomplete" registrations to be reviewed and members contacted to complete/correct the information to process their registrations.
3. To allow for declaration of Candidacy to take place on the weekend for those who wish to file their candidacy that may not be able to make it to the office on a weekday.

It is our intention to make sure tribal members are aware of the change and are able to file for candidacy if they so desire. We want to convey that even with this delay in declaration of candidacy, we will still be on schedule for the remainder of the election process.
